

I hereby renounce, reject, disavow, rescind, and refute any and all prior express or implied allegiance to the United States, the United States of America, the State of Illinois, the State of Missouri (as well as any other derivations of a "State of....", any political body, organization, association, or organized society that I have not purposefully, explicitly, and intentionally joined. I reject any and all citizenship of any and all jurisdictions found within the political boundaries under the control of, or defined as, the United States, the United States of America, and any political body, subdivision or entity thereof.

I reject any and all previous applications and issuances of any and all licenses or permits for actions exercised by Me of a personal, non-commercial nature. I hereby refuse to partake or engage in any scheme, program, plan, or mandate requiring My coerced participation, in violation of My free-will. Any claim, conscription, adhesion, or duty under any previous license or permit is null and void.

I believe, as evidenced by the actions of any and all government that exists within the boundaries known as the United States or any of the several States comprising the United States, that such government is antithetical to the concepts of life, liberty, and property for sovereign individuals. I believe such government is without lawful authority to act on behalf of anyone or anything against My person. I believe that such government has been shown to be violent, oppressive, deceitful, thieving, brutal, imperialistic, murderous, harmful, negligent, and contrary to My life, liberty and property. I believe that such government is not of My doing; and I refuse to participate or assist, in any manner whatsoever, in lending My energy, permission, power, property, or consent to such a creation. I believe that such government, as well as those who act under its authority against My life, liberty, and property, to be My enemy. I believe a state of war now, and for some time, exists between Myself and "government". I caution and admonish such government, as well as actors operating under the presumed authority of such, to cease, desist, and forego any and all involvement with Myself, absent an explicit arrangement, agreement, contract, duty, or relationship made with My fully-informed consent. I make this attempt at peaceful overture, as a reasonable, conscientious, peaceful, rational, and sentient being. Any refusal to accept, or act under, this peaceful overture will be deemed an act of war, aggression, tyranny, and violence towards Myself. I will defend, with like-force, to whatever end, and with whatever means, My life, liberty, property, should I choose.

I believe that I have made every reasonable attempt humanly possible to make known My thoughts, beliefs, and actions; assert My position and identify Myself to all as a reasonable, rational, conscientious, responsible, peaceful, and understanding Man. I have petitioned the government. I have sought the counsel of those who are deemed to be "learned" and with authority. I have studied and educated Myself in the ways of morality, philosophy, law, and society. I have availed Myself to the established system in good-faith, adhering to established rules, and sought justice. I have been met with only threats, lies, violence, deceit, silence and injury. I can do no more, absent a peaceful Declaration, before being forced to resort to armed revolt.

Be it know that I, Mark McCoy, desire peace, respect life, and am willing to defend AT ALL COSTS that which is Mine. I am first a child of My Creator, second an earthly sentient being, third a man, fourth
